# Linea Frutta in Crema

Our expertise, for  
your creativity

**Rich in fruit like a jam, velvety and delicious as a cream:** Linea Frutta in Crema is Cesarin's response to those **seeking a product rich in flavor and boasting excellent stability.**

It is a cream **crafted with 50%** of carefully selected fresh fruit, **free from preservatives, coloring, and stabilizers.**

**A natural essence felt with every taste:** concealed within the velvety texture, small fruit pieces release their full natural flavor, ensuring a tempting palatability, intense aroma, and an intriguing consistency.

Thanks to its **special formulation**, Frutta in Crema **doesn't transfer moisture to the finished product**, ensuring a clean cut. Furthermore, its **low water content** doesn't alter the traditional shelf life of the product.

**A versatile, ready-to-use product**, perfect for the post-baking filling of small and large leavened products, cakes, muffins, and donuts, using a simple piping bag or other automatic and manual injectors.

# Cream

Code	Product	Packaging	Use
639345035	Frutta in Crema Late Mandarin of Ciaculli	2x3,5 kg	Post-baking: leavened products, muffins, panettones, plum cakes
