Ripples with pieces of Fruit Light

No added sugar

45% less Kcal

compared to the average values of our ripples with pieces

Inviting, genuine and full of flavor with **few calories and no added sugar**: this is the secret of the new Line of Ripples with pieces of Fruit Cesarin Light.

An absolute novelty in terms of quality: MisterAlberto products are without preservatives or colors and with only natural flavors.

A selection of fruit from specific territorial areas, for keeping intact all the flavor of the sun ripened fruit:

- * **Apricot Pellecchiella**, inimitable for its particularly sweet and juicy pulp;
- * **Annurca Apple**, unique for its crunchy and aromatic properties and for its excellent organoleptic and nutritional properties;
- * **Amarena Montmorency**, an incomparable concentrate of natural nutrients with its pleasantly acidic and succulent flavor.

The new **Line of Fruit Ripples Light MisterAlberto**, will give an extra gear to all your preparations: from your gelato to the semifreddo and wherever you want to give an **unmistakable fruit note**.

Advantages

- * **Low calories.**
- * **No colors.**
- * **Only natural aromas.**
- * **Rich in fiber.**
- * **Contains only sugars from fruit.**
